

MAP for Primary Grades Instructional Data: Mathematics Statistics and Probability

Skills: Data Collection, Organization, and Display – Sorting

Students:	Primary Grades Instructional Data Skills: (Highlight the skills related to your chosen standard/concept)
	RIT 201-210: 208 Selects three common attributes of given numbers (≤ 10 ; even, odd; greater than, less than)
	RIT 191-200: 194 Selects two groups for sorting (based on type of toy; manipulatives shown; real-world objects) 192 Infers the rule for a sort into two groups (based on counting by 2's and 5's; numerals shown)
	RIT 181-190: 190 Selects three common attributes (four objects; manipulatives shown; real-world objects) 188 Selects two groups for sorting (based on geometric shape; manipulatives shown; geometric shapes) 182 Selects three common attributes (manipulatives shown; real-world objects) 181 Infers the rule for a sort into two groups (based on even and odd numbers; numerals shown)
	RIT 171-180: 173 Sorts numbers into two groups (based on even and odd; using manipulatives; numbers) 172 Selects three common attributes (three objects; manipulatives shown; real-world objects)
	RIT 161-170: 164 Infers the rule for a sort based on one attribute (manipulatives shown; geometric shapes) 162 Infers the rule for a sort based on one attribute (manipulatives shown; real-world objects) 162 Sorts numbers into two groups (based on magnitude; using manipulatives; numbers)
	RIT 151-160: 158 Selects one common attribute (manipulatives shown; real-world objects) 152 Represents a given set of attributes as a geometric shape (2 attributes; manipulatives shown; geometric shapes) 151 Selects the attribute that is not common (manipulatives shown; real-world objects) 151 Selects two common attributes (manipulatives shown; real-world objects)
	RIT 131-140: 137 Sorts objects into two groups (based on size; using manipulatives; real-world objects) 136 Sorts objects into two groups (based on animals and toys; using manipulatives; real-world objects)
	RIT 121-130: 126 Sorts objects into two groups (based on color; using manipulatives; geometric shapes)
	RIT 111-120: 112 Sorts objects into two groups (based on type of animal; using manipulatives; real-world objects)
	RIT 131-140: 137 Sorts objects into two groups (based on size; using manipulatives; real-world objects) 136 Sorts objects into two groups (based on animals and toys; using manipulatives; real-world objects)

Lesson Title:

Standard/Concept for All:

Introduction: (Get Attention; Connect to Prior Knowledge)

For Students Ready for a Challenge:

Lesson/Activity:

Resources:

Means of Assessment:

For Most Students:
